Dear Conference Participants of CCCOWE9!

The last 2 1/2 years belong to some of the busiest times ever in terms of reaching out among Indonesians, Vietnamese, Thai and Filipinos. The LORD added people and ministries, most recently the outreach ministry among international students with local church support became a new branch of our ministries at Taiwan's universities.

The gospel and the number of churches among Asian immigrant in Taiwan has grown, especially among the Thai laborers, Filipinos outreach spots turned into independent churches; new pastors from Thailand's Evangelical Church and even one pastoral worker from Indonesia have increased the number of immigrant pastoral workers slightly; with the decision to come to Taiwan every single one of them with their family members bring tremendous economic sacrifices for the KINGDOM.

Within the last 4 years several training courses about Muslim ministry like Al Massira, KAIROS, for Muslims in Taiwan for the need of more than with a Muslim new groups with a this people emerged to and spiritual needs. One therefore TE&B Indonesian mission magazine "NURANI". It serves like a channel of God's love for dry and thirsty hearts among Indonesians.

The Vietnamese immigrant church did not expand much, but was able to build up a strong and spiritually solid congregation in Neili and Taichung. In Chiayi a new Vietnamese ministry was started. Compared with the need for the future and the fact that many more Vietnamese prepare to come to Taiwan for service, the Vietnamese church, 10 years after a major evangelistic campaign among them, needs our special care again.

The TE&B Network administration reorganized the growing data. Statistics, reports and addresses of churches are placed on <http://asian-upgs.blogspot.com>, the digital archive is located at www.ccea.org.tw/missionworld The projects are many and space is limited. Please take a look at our booth. We value your prayers, your assistance and your encouragement in making disciples among immigrant nations in Taiwan and to help them hearing the LORD's call to increase HIS glory in their countries with their contribution to reach them.

In the name of our TE&B Network I wish you the LORD's rich blessings and comfort,

Rev. Dr. Alain Haudenschild (DMin)
